Milk, Ice-cream, chocolate topping, whipped cream.

#### How to make it:

Add the milk, chocolate topping, and ice-cream into a cup and blend together.

#### Stage 3 Learning

#### Stage 3 Excursion

Students Investigated and explored the features and characteristics of two completely different places and environments (Coastal and Rainforest). They had lots of fun discovering the importance environments have for all life on earth and how human influences through early settlement have dramatically altered these ecosystems. Students recorded geographical data of these environments and compare and contrasted the differences between them.

# 2,600 students

This Term, Breakfast Club has been running every day. We have made breakfast for 1,300 students this term alone! That takes the grand total up to **2,600 students** for the year so far!

We would like to thank all the parents that have donated cereal, milk, jam, Woolworths Cards, serviettes & paper plates. Your support makes an amazing difference for our students. Thank you to all the staff who spend their mornings buttering toast, pouring milk or just having a chat with students and our Senior SRC/Helpers who keep everything running smoothly. This makes our Breakfast Club a beautiful way to start our mornings.
